CHICAGO GRAIN

CHICAGO, April 3.—All future deliveries of corn, oats and rye ascended today to the highest yet this season, except for May corn. Lifting of wartime restrictions on flour business counted as a new bullish factor as to grain. The principal reason for the advance of corn, however, was scarcity of offerings. Opening corn quotations, which varied from 1/2c off to 1 1/2c up, with May \$1.61 1/4 to 1.62 1/4 and July \$1.58 1/4 to 1.59 1/4, were followed by sharp gains all around and then a moderate reaction.

Oats paralleled the action of corn. After opening unchanged to 1/2c higher including July at \$1 1/4 to \$1 1/2 the market sagged a little and then scored a decided general advance.

Provisions were steady to firm with a fair trade. Dealers were apparently inclined to regard an abating been discounted the market effect of the big stocks on hand.

Labor Jury Verdict
Fails of Adoption

PORTLAND, Ore., April 3.—The verdict of "not guilty," found by a self-styled "labor jury" which listened to the evidence at the I. W. W. murder trial at Montesano during January, February and March, failed of adoption by the Portland central labor council last night. The report of the "labor jury" was read to the council and a motion for its adoption made, but President Nickerson of the council declined to put the motion.

According to several of those in attendance, an appeal was taken from the decision of the chair, Nickerson's ruling being upheld. The report was filed and it was said it would not be brought before the council again.

COULD NOT STAND STRAIGHT.
It does not take long, when the kidneys are out of order and not doing their work properly, for poisonous acids to accumulate in the system and cause aches and pains. D. C. Diamond, 2565 W. 30 St., Cleveland, O., writes: "I caught cold and it settled in my kidneys. My back and sides were so lame and sore I could not stand straight. I use Foley's Kidney Pills with good results and am glad to testify to their helping power." Sold everywhere—Advertisement.
